

*Programs that Help People in Connecticut* has been connecting Connecticut residents to federal, state, and local agencies for over twenty five years. Need information? Need help? Need services? **LOOK INSIDE!**

The Connecticut Association for Human Services (CAHS) updates the program entries and Eversource publishes this booklet. We are grateful to everyone who supplied information for the new edition.

**THIS BOOKLET IS A GUIDE**, containing brief descriptions of complex programs. Eligibility criteria, services offered, and funding are subject to change. **PLEASE CHECK WITH THE ADMINISTERING AGENCY FOR THE MOST UP-TO-DATE INFORMATION.**

If you need a particular service but do not see it reflected in any of these pages, you may wish to begin with a call to **United Way 2-1-1**, or a visit to its website, [www.211ct.org](http://www.211ct.org), described after the Table of Contents. In addition, every Connecticut town is required to have a Municipal Agent to help senior citizens, as well as a Youth Services Bureau that can link you to groups that could meet the needs of children.

Many services have income and asset eligibility guidelines. Generally, “income” is money available to you from an ongoing source. “Assets” are other financial resources, such as a bank account, a home or a car.

**Don’t assume you are not eligible!** Check with the agency that administers the program. If you do not meet the guidelines for service, ask if there is an alternative.

***A special note to individuals who are seeking social service support for the first time:***

It is important to understand that navigating the social service system can be confusing and time consuming, even for experienced consumers. If you are new to this process, you may not be able to find all of the resources you need for your family at a single agency. To find services to meet a variety of needs, use 2-1-1, or contact the multi-service agencies listed on page 34. These agencies can help families find and determine eligibility for multiple programs and public benefits, including: SNAP (formerly food stamps), health care, housing, cash assistance and other resources. Accessing benefits may still not be as easy as people would like, but these agencies will do their best to address new and multiple needs.

**We would like to hear from you!** Please let us know of any services that should be added, deleted or revised in the *Programs that Help People in Connecticut* publication. It is updated every two

years. Additional copies are available through Eversource or CAHS by written request. It can also be downloaded directly from the CAHS website, [www.cahs.org](http://www.cahs.org).

Eligibility is based on income, residency, certification of nutritional risk, and a physical presence requirement, which means having a WIC employee see your child. The Connecticut Department of Social Services (DSS) administers the U.S. Department of Agriculture's Supplemental Nutrition Assistance Program (SNAP) and a state-funded SNAP for qualified non-citizens who are not eligible for the federal program. The purpose of these programs is to help low-income individuals and families afford the cost of food at grocery stores and farmers' markets. People can apply for SNAP by mail, online and at DSS offices. Hard-copy applications can be found online at [www.ct.gov/dss/apply](http://www.ct.gov/dss/apply) and mailed to the DSS ConneCT Scanning Center at P.O. Box 1320, Manchester, CT 06045. A complete list of local DSS offices can be found in the Multi-service Agencies section of this book.

## **End Hunger Connecticut! (EHC!)**

End Hunger Connecticut! (EHC!) is a statewide anti-hunger and food security organization. By focusing on advocacy, outreach, education, and research, EHC! serves as a comprehensive anti-hunger resource for community organizations, legislators, and low-income families. The work of EHC! is vital to the visibility and coordination of various federal food assistance programs that are meant to lower the prevalence of food insecurity and hunger. The goal of EHC! is to improve the levels of food security and nutrition among Connecticut families while creating and supporting policies that move families toward self-sufficiency. EHC! provides state-wide SNAP (formerly Food Stamps) outreach through application assistance, prescreening for SNAP benefits, and conducting workshops and presentations with clients or staff. EHC! maintains an online SNAP Benefit Calculator (<http://www.endhungerct.org/resources/snap/>) and Toll-free SNAP line (866-974-SNAP) to help determine potential eligibility. Spanish speaking assistance is available. **Website:** [www.endhungerct.org](http://www.endhungerct.org).

## **Food and Fuel Banks**

There are many food pantries and fuel banks available throughout the state to help individuals and families in

need. To learn more about food pantries and soup kitchens throughout the state: **Toll-free:** 2-1-1.

## **Cash Assistance**

### **Temporary Family Assistance (TFA)**

TFA provides monthly cash and employment assistance to eligible families throughout Connecticut to support basic needs such as food, shelter, and clothing. TFA is funded by the federal and state governments to provide a 'safety net' for families with children. Applicants/recipients must live in Connecticut, have very little or no income, and be supporting a child or children. In some cases, a pregnant woman may qualify if she has no other means of support and meets other eligibility factors. The child or children in the household must live with a related adult or an adult who has filed for guardianship through probate court. Many TFA-eligible households are grandparents caring for grandchildren. Adult recipients must participate in Jobs First Employment Services activities, coordinated by the Department of Labor. Custodial parents must provide information to help in collecting child support from a parent who is not living in the home. Applications are accepted at all Department of Social Services offices listed in the Multiservice Agency section of this book. Hard copy applications can be found online at [www.ct.gov/dss/apply](http://www.ct.gov/dss/apply) and mailed to the DSS ConneCT Scanning Center at P.O. Box 1320, Manchester, CT 06045. People can apply online at [www.connect.ct.gov](http://www.connect.ct.gov) by clicking "Apply Now" under "Apply for Benefits" section. Toll-free: 1-855-CONNECT (1-855-626-6632) or TTD/TTY: 1-800-842-4524 for persons with speech or hearing difficulties for more information.

Social Security, also called OASDI, is a federal program for the retired and disabled, as well as for survivors of a deceased wage earner. People who have worked enough quarters and have paid into the program are eligible; there are no income or asset requirements. People who are at least 62 and retired, the disabled at any age, or qualified dependents or survivors of the insured are eligible for benefits. Survivors' benefits are paid to a spouse with children who are minors, a widow or widower age 60 or older, a widow or widower age 50 or older, and disabled, minor children, or a parent age 62 or older who was dependent on the wage earner. Disability benefits can be paid to people who are unable to engage in substantial gainful activity or whose disability will result in death. **Website:** [www.socialsecurity.gov](http://www.socialsecurity.gov).

## Supplemental Security Income (SSI)

SSI is a federal income maintenance program for the aged, blind, and disabled. Unlike Social Security, SSI has limits on the amount of money and resources a recipient can have. Recipients may receive both Social Security and SSI, if eligible for both. Flat monthly payments are issued to participants. If the participant lives in a household which provides in-kind support, e.g. food and/or lodging, the monthly payment is reduced by one-third. Eligibility is based on age, blindness, disability, income, and assets. Contact a Social Security Office listed above.

## State Supplement for the Aged, Blind, and Disabled (State Supplement)

The State Supplement program is a state income maintenance program administered by the Department of Social Services to supplement assistance under the federal Supplemental Security Income (SSI) program. However, actual receipt of federal SSI is not required. For example, recipients of a low monthly Social Security benefit, private pension, Veteran's benefit, or limited income from another source may still qualify for the State Supplement. The benefit is based on a standard calculation of total need compared to the applicant's income. Applicants must be age 65 and older, or at least 18 years old if disabled. People receiving State Supplement also receive Medicaid to cover medical expenses. In addition, many recipients may also be eligible for SNAP and energy assistance. **Toll-free:** 2-1-1 or **DSS:** (800) 842-1508.

# Housing

## Energy Conservation Loan Program

The Energy Conservation Loan Program (ECL) and the Multifamily Energy Conservation Loan Program (MEL) provide loans at below market rates to single-family and multi-family homeowners for the purchase and installation of cost-saving energy conservation improvements. The program is administered by Capital For Change, Inc. (C4C) with funding from the CT Department of Housing (DOH). Single family (1-4 units) homeowners may borrow up to \$25,000 and multi-family property owners may borrow up to \$100,000 for a period of 10. **Website:** [www.chif.org](http://www.chif.org)  
**Email:** [lending@chif.org](mailto:lending@chif.org).

## Eviction and Foreclosure Prevention Program (EFPP)

The EFPP is designed to prevent evictions and foreclosures through mediation and a Rent Bank. Five community-based agencies operate the program. A trained mediator acts as a third-party facilitator to help develop mutually agreed upon solutions to identified problems, which may include back rent or mortgage payments, repairs, housing code violations, and communication problems. The Rent Bank provides funds to eligible families to help pay rent or mortgage arrears. A family may consist of a single individual, roommates, an extended family, or a one- or two-parent family. **Toll-free:** 2-1-1.

## Emergency Shelters

The Department of Housing administers funding for Emergency Shelters to provide shelter and case management services to homeless individuals at least 18 years old or emancipated minors and families. **Toll-free:** 2-1-1.

## Foreclosure Prevention

With financial support from the Department of Housing, Neighborhood Housing Services of New Haven provides assistance to homeowners having difficulty making their mortgage. In addition, any homeowner at risk of foreclosure can receive information about the judicial foreclosure and mediation process, guidance on how to prepare and what documents to bring to court, and information about resources available to homeowners. **Phone:** (203) 777-6925 **Website:** [www.nhsfnhnhaven.org](http://www.nhsfnhnhaven.org). Additional information at [www.ctfairhousing.org](http://www.ctfairhousing.org).

## Rapid Re-housing Program

The Connecticut Rapid Re-housing Program is a statewide housing initiative that is a combination of housing relocation, stabilization services, and financial assistance to help homeless individuals and families, or individuals and families at imminent risk of becoming homeless, quickly transition into permanent housing and achieve housing stability. To receive these services, households must be actually homeless and have a referral from an emergency shelter or social service provider. **Toll-free:** 2-1-1.

## Rental Assistance Payment (RAP) Program

The Rental Assistance Payment (RAP) Program is the major state-supported program for assisting very low-income families to afford decent, safe, and sanitary housing in the private market. Participants find their own housing, including apartments, townhouses, and single-family homes. The participant is free to choose any private rental housing that meets the requirements of the program, as described below. RAP certificates are funded and administered by the Department of Housing. An individual or family that is issued a RAP certificate is responsible for finding a suitable housing unit of the family's choice where the owner agrees to rent under the program. This unit may include the family's present residence. Rental units must meet minimum standards of quality and safety as defined by the State of Connecticut, which has adopted the federal Housing Quality Standards as established by the U. S. Department of Housing and Urban Development (HUD). A housing subsidy is paid by the State directly to the landlord on behalf of the participating family. The family pays the difference between the actual rent charged by the landlord and the amount subsidized by the program. **Website:** [www.ct.gov](http://www.ct.gov). Departments and Agencies, Dept. of Housing.

## Section 8 Housing Choice Voucher Program

The Section 8 Housing Choice Voucher program is the federal government's major program for assisting very low-income families to afford decent, safe, and sanitary housing in the private market. Participants are able to find their own housing, including apartments, townhouses, and single-family homes. The participant is free to choose any private rental housing that meets the requirements of the program. Housing Choice Vouchers are funded through the federal Department of Housing and Urban Development (HUD) and are administered in Connecticut by over 40 public housing agencies (PHAs) and statewide by the Connecticut Department of Housing. A family that is issued a housing voucher is responsible for finding a suitable housing unit of the family's choice where the

owner agrees to rent under the program. This unit may include the family's present residence. Rental units must meet minimum standards of quality and safety as established by HUD. A housing subsidy is paid by the PHA to the landlord directly on behalf of the participating family. The family pays the difference between the actual rent charged by the landlord and the amount subsidized by the HCV program. **Website:**

The following individuals and families are eligible to apply: individuals and families residing in emergency shelters (including domestic violence shelters); individuals and families holding a newly issued DOH Section 8 Housing Voucher or a newly issued DOH Rental Assistance Program (RAP) Certificate, and a holder of a DOH issued Section 8 Housing Voucher or DOH issued RAP Certificate forced to move due to lead paint or whose residence failed a housing quality standards inspection when that failure was the owner's responsibility and the owner refused to correct the conditions. ## ***Energy***

### **Connecticut Energy Assistance Program (CEAP)**

This federally funded program is designed to help low-income households (individuals and families) pay their winter heating bills. CEAP benefits thousands of homeowners and renters throughout the state. On behalf of eligible households, the winter heating assistance pays for such heating sources as oil, natural gas, electricity, propane, kerosene, coal and wood. CEAP and the Contingency Heating Assistance Program are administered by the Department of Social Services and coordinated by regional Community Action Agencies in cooperation with municipal and other non-profit human service agencies. CEAP usually opens applications for 'early intake' in August at many community action agency sites around the state. **Toll-free:** 2-1-1 or DSS Energy Services Unit at 1-800-842-1132 **Website:** [www.ct.gov/staywarm](http://www.ct.gov/staywarm).

## ***Eversource Programs to Help You***

At Eversource we offer electric and gas programs, services and partnerships to help you stay warm when the temperature dips and beat the heat during the summer.

### **Matching Payment Program**

Eversource's Matching Payment Program provides year-round electric and gas service and possible elimination of back balances, to eligible electric and gas heating customers who have past-due balances. To be a part of this program, electric and gas heating customers must apply and receive energy assistance funds by visiting [www.211ct.org](http://www.211ct.org) or calling 2-1-1 to find their local community action agency. For every dollar, you or a third party pays toward your bill, a dollar will be credited to your past-due amount. So, you pay a portion, energy assistance pays a portion, and Eversource pays a portion. For more information, electric customers may call 800-286-2828 and gas customers can call 800-438-2278. You may also visit [Eversource.com](http://Eversource.com).

### **New Start**

The New Start electric program can help eliminate your outstanding balance in as little as 12 months. If you make on-time monthly payments, we'll make up the difference.

Here's how it works. Eversource will review your account billing history and set a monthly budget payment based on the average of your regular monthly bill. You will need to pay this amount on time each month to remain in the program and continue to receive year-round electric service. When you make your New Start monthly payment, a portion of your past due balance will be eliminated, thus reducing the amount you owe. The amount eliminated each month is calculated by taking your total past due balance and dividing it by 12. For more information, please call 800-286-2828, or visit [Eversource.com](http://Eversource.com).

### **Winter Protection Plan**

Eligible electric and gas customers who lack the resources to pay their electric or gas bill may receive protection from service shut-off, from November 1 through May 1, with no late payment charges.

You should pay as much of the bill as possible during the winter, since you will still owe the full amount at the end of the protection period. Shut-off protection must be renewed annually, beginning in October. Customers may apply for the Winter Protection Plan while applying for public energy assistance through their local community action agency. Visit [www.211ct.org](http://www.211ct.org), or call 211 to find your local community action agency. You may also visit [Eversource.com](http://Eversource.com).

## Operation Fuel

Operation Fuel partners with communities, businesses, government, and individuals to ensure people in need have access to year-round energy assistance. Operation Fuel uses a network of over 100 fuel banks that are in direct contact with local households in need. These include town social services agencies, community action agencies, nonprofit organizations, and religious organizations. These agencies voluntarily take applications for the program. In addition to providing clients with crisis funding, the network of fuel banks also provides referral for both long-term and immediate solutions. Services may include budget counseling, consumer credit counseling, help with a job search, and referrals to food pantries, day care centers, legal aid counseling, housing assistance, and treatment services. **Toll-free:** 2-1-1.\*

## **Connecticut Birth to Three System**

The Connecticut Birth to Three System offers a statewide early intervention system for infants and toddlers with significant developmental delays or disabilities who are under three years old. Families of eligible children team with professionals including motor, speech, education, mental health providers, and others to develop a plan of supports provided in their home or community settings. Evaluation, service coordination, and transition planning are available at no cost. Families whose incomes are \$45,000 or more annual adjusted gross pay a monthly sliding scale fee for therapy services. Statewide coverage is provided by comprehensive general programs as well as programs specializing in children who are deaf/hard-of-hearing or who have an autism spectrum disorder. **Toll-free:** Child Development Infoline, 1-800-505-7000
